August 18, 2006

## PMIS Version 9.0 Update

- NPI field added for clinicians, and referring physicians.
- New schedule coverage report to show whom is seeing clinician's patients while gone.
- UB92 for any f/c & secondary insurance (medicare)
- Box 18 on hcfa – admit discharge only for non office procedures.
- New report in custom reports activity by acct: Shows charges, visits, payments by acct for a date range.
- Copy text from icd9 on pearlecomputer.com and paste in icd9 file maintenance.
- Copy text from web info for patient notes in patient file maintenance. This function allows you to copy text from web for will pay in limitations, and wont pay in limitations.
- Patient statement to use co-pay calculation for patient balance and allow for manual override. This allows you to print statements based on the co pay amount or percentage so the patient can be billed before the insurance company pays.
- NSF electronic claims to use NEIC switch for patient selection
- Hcfa 1500 printing for medicare secondary to use non medicare formats.
- Statements print in name order
- Therapy scheduling allows for multiple accounts with same ssn.
- Payment by cpt by date – changed to allow you to ignore modifiers.
- Suppress 0 balance accts in payment with / or locate.
- Schedule shows # of appointments by therapist.
- Sign in sheet available can be printed
- Schedule admin for therapy – allows change to clinician column heading
- Re-indexing does not execute to command prompt to delete files.
- Responsible party name in Last name, First name order.

## Clinical Information System Update

- Cut and Paste into each section of the notes
- Recall patients from history – notes purged to history can be recalled.
- Delete of note shows how many notes still on file for patient.
- Spell check – Templates have new spell checking macro.

## Collections Module Update

- Dunning letter shows patient balance.
- Filter for insurance company, and patient code.

## Therapy Scheduling

- Scheduling status report – hit f9 to report on no shows etc.....
